Re: Membership Newsletter, Pressure 2012

Due to the rapidly increased cost of printing and postage for *Pressure*, it has been decided that it is necessary for 2012 to have our membership newsletter, *Pressure* available only on our website electronically. You can access current and past issues by logging into the Members Only Site at www.uhms.org. An email notification will be sent when each new issue is posted so please be sure to inform us of any changes to your contact information.

This will also continue the use of color and expand the number of pages each month. We are not alone in this decision as more and more Associations are moving away from print/post due to the increasing and untenable costs.

We value your continued support of the Society and appreciate your understanding in our efforts to "Go Green!"
